SCAN BADGES SECTION

Go to the 'Scan badges' section and scan the badges of the visitors whose information you want to keep.

You can rate the contacts you meet and download the scanned badges using the arrow at the top right, which will send you the file by email.

This year we're asking everyone for a **printed badge**, so don't stand too far away to scan them correctly. If the scan is correct, you will see the person's name appear on the screen.
